The leading authority on network marketing shares everything you need to know to lead a successful direct sales team. Defcon 1 Direct Selling is the must-have playbook for anyone leading a direct sales team. It's Gage's follow up to the international bestseller, Direct Selling Success, and it's a handbook for leaders. DEFCON is the U.S. military acronym for "Defense Readiness Condition." DEFCON 1 is reserved only for imminent catastrophic events, like a nuclear war. Luckily, you don't have to fend off missile attacks in direct selling, but you will face some extremely difficult challenges and urgent crises leading your MLM team. No one knows how to lead teams better than author Randy Gage, a former high school dropout who rose to become a self-made multi-millionaire and inspire millions around the world. In this highly anticipated book, Randy teaches you how to hold your team together in the most difficult circumstances —the stuff no one likes to talk about, but that is vital for top-level leaders. It takes much more than a positive attitude and motivational words to be a successful field leader. True leadership requires you to deal with messy, complicated scenarios when there is not always a clear-cut solution. Many of these challenges are caused by factors completely out of your control—from economic, regulatory, and political setbacks, to having top leaders quit, to companies going out of business, and a host of other issues. It's at times like these, when it seems like your team is falling apart, that you must draw

upon your resilience, persistence, and character to ride out the storm and lead your team through the chaos. This indispensable resource will enable you to: Create a team culture of maximum readiness Deal with toxic leaders and effectively handle conflict resolution Use your leadership to make your team more powerful and build their self-esteem Handle corporate incompetence, poor decisions, and PR crises Know what to do when you or a team leader leave a company Most leadership books will tell you, wrongly, that every situation has an ideal solution. Not this one. Defcon 1 Direct Selling: Manual for Field Leaders delivers the plain, unadulterated truth that everyone leading a direct sales team needs to know.

What if our civilization were to collapse? Not many centuries into the future, but in our own lifetimes? Most people recognize that we face huge challenges today, from climate change and its potentially catastrophic consequences to a plethora of socio-political problems, but we find it hard to face up to the very real possibility that these crises could produce a collapse of our entire civilization. Yet we now have a great deal of evidence to suggest that we are up against growing systemic instabilities that pose a serious threat to the capacity of human populations to maintain themselves in a sustainable environment. In this important book, Pablo Servigne and Raphaël Stevens confront these issues head-on. They examine the scientific evidence and show how its findings, often presented in a detached and abstract way, are connected to people's ordinary experiences – joining the dots, as it were, between the Anthropocene and our everyday lives. In so doing they provide a valuable guide that will help everyone make sense of the new and potentially catastrophic situation in which we now find ourselves. Today, utopia has changed sides: it is the utopians who believe that everything can continue as before, while realists put their energy into making a transition and building local resilience. Collapse is the horizon of our generation. But collapse is not the end – it's the beginning of our future. We will reinvent new ways of living in the world and being attentive to ourselves, to other human beings and to all our fellow creatures.

Sadie Robertson, bestselling author and star of *Dancing with the Stars*, has an important message for her generation: you don't have to be held back by fear, anxiety, or loneliness anymore. In *Live Fearless*, Sadie takes you on a thrilling personal journey toward power, passion, and purpose as you live at the center of who God created you to be! Dear friends, I don't know about you, but I'm pretty tired of the struggle. You know which one I mean—fear, loneliness, not knowing who I am or what I'm meant to do. . . . Sound familiar? I struggled with insecurity, comparison, and isolation for too many years, from thigh gaps to eyebrows to the lifestyles I felt I had to live up to. I was so afraid of being “found out,” that everyone in my life would somehow figure out that I was fearful and small and that I struggled to make my faith a reality and to be secure in who I am. It took a major perspective shift from staring at comments on a screen to really digging into the pages of my Bible to see what God actually says about overcoming fear. Setting aside the fear, anxiety, and comparison to become the joy-filled person God

created you to be is exactly what God is inviting you into. To really be seen and known. To be an agent of change by choosing compassion, connection, and acceptance for everyone you come in contact with. Inside this book are ways to find your power, passion, and purpose—and reach for your dreams. Plus, there are places to jot down notes, fun lists, practical ways to make changes, and thoughts on how living fearless can change everything. Are you tired of the awful comparison game? Are you exhausted from trying to keep up, from feeling small and afraid that people will find the real you and be disappointed? There is so much more for you. No matter who you are, where you come from, or what your fears are, freedom is available to you. It's just a matter of saying yes. You in? Hope you'll join me on this wild adventure as we learn to Live Fearless together. Love, Sadie
